

Mill River Union School

1:1 iPad Program

Parent Agreement

Students have agreed that the purpose of technology provided by the school is to maximize their learning. Students also agreed to follow their home rules for technology when they are in and out of school. Students are required to transport their iPad in the protective case and bag provided by the school, and to keep track of their device at all times.

Parent/guardian rules and responsibilities for Mill River's 1:1 program:

- I understand my child's device is the property of Mill River Union School, and is intended for my child's use only.
- I understand the school cannot control or filter content/the Internet when my child is not at school, and that I need to be aware of, and responsible for, how my child is using their iPad outside of school.
- I understand that if my child violates any of the 1:1 iPad Guidelines or the MRU Technology Policy, he/she will lose access to his/her iPad (or permission to bring it home) until he/she has worked with all involved to fix the problem. Other disciplinary measures may also be taken if the Technology Policy is violated.
- I understand that I may be responsible for replacement costs resulting from negligent use, accidental or malicious damage.
- I understand that insurance coverage is available. If I decline insurance coverage, I am responsible for all costs for damage, accidental or otherwise.
- I, or my child, will notify the school or police as soon as possible in the event of theft or damage.
- I, or my child, will notify a teacher or school administrator of any technical problems with the computer, or if these rules have been violated.
- I, or my child, will return the iPad immediately if we move to another school district or if my child withdraws from the school. I understand that failure to do so will result in a bill for the replacement of the device and accessories (\$800).

I have read these rules and responsibilities, and agree to follow them.
